President and CEO

“The best care, pure and simple.”

We’ve served this community for nearly 80 years, and many know us and love us. But there are some things about Windham Hospital you may not know.

We’re investing in new technologies and people. We’re providing the high-quality services our patients need right here in our community. Our state-of-the-art Emergency Department is unmatched for its responsiveness. And, we’re performing life-saving procedures at a level most community hospitals don’t offer.

We’re also working in partnership with Hartford Healthcare. Our affiliation means that, as a Windham Hospital patient, you have seamless access to the most advanced technology and nationally recognized expertise. And the Windham physicians you know and trust can share best practices with their peers throughout Hartford Healthcare, to ensure that you receive the highest level of care.

I’m excited by both the changes we’re making here and our partnership with Hartford Healthcare. We have a long history of commitment. Now, as always, our mission is to provide you with the best care, pure and simple.
